

OPPONENTS IMPERIL PEACE RATIFICATION

Gain in Opposition to Pending Treaties Is Worrying G. O. P. Leaders.

ACTION IN A FEW DAYS

Gov. Sproul to Be Urged to Speed Appointment of Knox's Successor.

Special Despatch to THE NEW YORK HERALD.
New York Herald Bureau.
Washington, D. C., Oct. 15.

Opposition to the German, Austrian and Hungarian peace treaties during the last week has quietly gained such strength that only a very narrow margin remains in favor of ratification.

Republican leaders, frankly worried over the outlook, want Gov. Sproul of Pennsylvania to appoint a successor to Senator Knox, who died on Thursday, without delay.

His successor, whatever else he may be, will be a Pennsylvania Republican and undoubtedly will cast his vote in favor of ratification if he arrives in Washington in time.

According to the latest canvass of the Senate only eleven Democrats are willing to support the treaties, and several of these are said to be wavering, despite the fact that Senator Underwood, Democratic leader, and Senator Hitchcock, leading advocate of the League of Nations, favor ratification.

Senator Knox's death cut the Republicans in the Senate to fifty-nine. Three Republicans are against the treaty. Eleven Democrats and fifty-six Republicans make a total of sixty-seven Senators favoring ratification, or just three more than the necessary two-thirds of the Senate. As the situation stands to-day, a defection of four Senators would turn the ball against the treaties. Leaders of the Democratic opposition would make no predictions, but were still endeavoring to make converts. It also is possible that another Republican will turn to the opposition.

There is a chance that some of the opponents of the treaty will change their minds before the final roll call, but Republican leaders are taking no unnecessary risks. They expect Gov. Sproul to make the appointment of Senator Knox's successor Monday. It is understood the place has been offered to State Senator William E. Crow, and if he accepts he probably will be in Washington in time to vote on the treaties.

The German treaty will be brought up Monday and be given right of way over the tax bill. With debate curtailed by unanimous consent, it is expected a vote will be reached on the German treaty Tuesday or Wednesday and that the ratification of the Aus-

trian and Hungarian treaties will follow shortly thereafter.
Democratic Senators have framed a number of reservations to maintain the Wilsonian doctrine of closer and more active participation in European affairs, and these probably will lead to some hours of debate.
